🌐 <https://www.linkedin.com/in/benher-basheer-371347377/>

Motivated Software Engineer Fresher with strong skills in MERN stack, Java, React.js, and database-driven development. Looking for an entry-level role where I can apply my technical knowledge, contribute to real-world projects, and grow as a full-stack developer

EDUCATION

Master of Computer Applications, 2023 – 2025
College of Engineering, Vadakara, Calicut
CGPA:7.31/10

Bachelor of Computer Applications, 2019 – 2022
Nilgiri College of Arts and Science, Tamilnadu
CGPA:7.31/10

SKILLS

Programming Languages

Java,Python,C,C++,MySQL,NoSQL,javascript(ES6),CSS,HTML5

Technologies/Frameworks

Spring boot,JDBC,Hibernate,maven,OOPS,Tomcat servers,React,ChatGpt,Copilot.

Development Tools

Git, Github,Postman

Soft Skills

Prompt Engineering, Problem-solving, Teamwork, Adaptability, Communication, Time Management, Critical Thinking, Project Management

PROJECTS

Decentralized Voting Application(Dapp)

- Developed a decentralized voting app using Solidity, Next.js, and Pinata (IPFS) with smart contracts for registration, voting, result declaration, voting-period controls, reset functionality, and a Next.js frontend with decentralized storage for user details and winner display.

CampusCare

- Developed a MERN-based campus infrastructure management platform with issue reporting, real-time tracking, complaint categorization, role-based modules, status updates, and streamlined communication between students, faculty, staff, and maintenance teams.
